Short Hills, New Jersey

Dear John:

I was very much pleased to receive your personal note written last Sunday and wish to thank you for your good wishes.

By all means please try to save a little time for a visit the next chance you get for it would be very nice to have a chat. I am anxious to discuss a matter concerning Board activities with you which matter was initiated, I understand, at the last meeting.

I enjoyed reading Johnny von Neumann's article in the current "Fortune" magazine and think that I am going to ask him to autograph my copy.

With best regards, I am,

Sincerely,

WILLIAM F. FRIEDMAN

P.S. I am making good progress and am being very careful.
