Circulation Manager
Scientific American
2 West 45th Street
New York 36, New York

Dear Sir:

I was very much disappointed at the failure of the May 1955 issue of the Scientific American to reach me at my home this month.

This is the first time that the journal has not been delivered and I have had the postman and the postoffice look into the matter. It would appear that the copy never reached my particular postoffice branch.

Is there anything you can do about it? As an old subscriber, I hate to have to go and buy a copy, especially this one which is missing and which contains several articles that I wanted to save. (I have seen my office copy.)

Very truly yours,

WILLIAM F. FRIEDMAN
