| <p>Relative to Duallex telegraph equipment, several patents have issued rather recently to Durkee. These have been ordered, and will be forwarded as soon as obtained.</p> <p>No patents in this art have issued in late years - unless so late as not yet to be indexed - to anyone named Gravett.</p> <p>I have checked with Mr. Dingley. He has no more information than appeared in his note to you, but feels it possible (on reflection) that Gravett is concerned with Duallex in some other fashion than as inventor.</p> |   |                            |                  |
