9 December 1952

MEMORANDUM FOR W. F. FRIEDMAN

SUBJECT: Possible SCAMP Participants for 1953

1. This will put into writing the list of prospects we discussed for SCAMP 1953.

a. Those who participated in 1952

A. A. Albert
 Truman A. Botts
 S. S. Cairns
 A. M. Gleason
 G. A. Hedlund
 D. W. Hall
 Marshall Hall, Jr.
 J. C. Koken
 Lowell Paige
 A. E. Roberts, Jr.
 Donald C. Spencer (who was with us about three days toward the very start in 1952 and who may not have had the Agency check. He took no part in classified portions of the program.)
 C. B. Tompkins
 James A. Ward

b. Others who, as SCAG or AFSA members, are presumed to have clearances

A. H. Clifford
 John von Neumann
 H. P. Robertson

c. Others, at various stages of clearance

David P. Blackwell (Statistician, Howard University)
 George W. Brown (Largely statistics, Rand Corporation)
 R. H. Bruck (Mathematics, University of Wisconsin)
 Randolph Church (Mathematics, U. S. Naval Postgraduate School, Monterey)
 R. P. Dilworth (Mathematics, California Institute of Technology)
 * M. A. Girshick (Statistics, Stanford University)
 Vincent C. Harris (Mathematics, San Diego State College.
 H. H. Campaigne knows him.)

9 December 1952

Subject: Possible SCAMP Participants for 1953 -----

A. J. Hoffman (Mathematics, National Bureau of Standards,
Washington)
Gilbert Hunt (Mathematics, Cornell University)
Mark Kac (Mathematics, Cornell University)
E. Kleinfeld (Mathematics, University of Chicago)
H. W. Kuhn (Mathematics, Bryn Mawr College)
Saunders MacLane (Mathematics, University of Chicago)
E. E. Moise (Mathematics, University of Michigan Formerly
in related work as naval officer, known to
H. H. Campaigne.)
John Nash (Mathematics, Mass. Institute of Technology)
Gordon Pall (Mathematics, Ill. Institute of Technology,
Chicago, Ill.)
W. A. Pierce (Mathematics, Syracuse University)
H. J. Ryser (Mathematics, Ohio State University)
A. W. Tucker (Mathematics, Princeton University)
John Tukey (Mathematics, Princeton University)
S. M. Ulam (Atomic Energy Commission, Los Alamos, N. Mexico.
Cleared in 1952 for SCAMP only, but did not
participate. Strongly recommended by Robertson
and von Neumann.)
S. S. Wilks (Statistics, Princeton University)
J. J. Wolf (Computing, Logistics Research Project, George
Washington University)

2. If any of the above are unavailable, I'll let you know as soon as possible

3. I shall try to find out dates and places of birth of Bruck, Kuhn, Nash, Pierce and Ryser.
