~~SECRET~~MEMORANDUM FOR THE MEMBERS OF USCIB:

Subject: Indoctrination for Category III COMINT (GRAVES).

Reference: USCIB 13.7/15 dated 18 May 1954.

1. The Treasury Department Member of the U.S. Communications Security Board has informed this office that he intends to designate Captain Garrett V. Graves, USCG, prospective Chief of Communications of the Coast Guard, to assist him in matters pertaining to the business of the U.S. Communications Security Board.

2. Inasmuch as it is anticipated that Captain Graves' duties will inevitably include a requirement for access to COMINT, approval is requested for his indoctrination for Category III COMINT.

3. Attention is invited to the reference. Inasmuch as this clearance is being requested on the basis of duties involving USCSB business only, the NSA Member of USCIB rather than the Navy Member is considered to be the proper agent to carry out the necessary clearance and indoctrination procedures if the request is approved.

4. For the information of members, no proposal was made to have Captain Graves' predecessor, Captain Rhodes, indoctrinated when CSB started in business because it was known that Captain Rhodes was to be relieved soon and it was felt at the time by the Treasury Department Member of CSB that he could get along for the time being without the assistance of the Chief of Coast Guard Communications.

5. It is requested that the attached vote sheet be executed and returned to this office by the close of business on 19 August 1954.
