~~TOP SECRET~~DRAFT~~001-2823/55~~FOREWORD

1. The COMINT requirements contained herein are based on the Priority National Intelligence Objectives (DCID 4/4) and provide basic guidance to the Director, NSA for current and long-range planning for the production of COMINT.
2. They do not include requirements which, currently or potentially, can be adequately fulfilled from other sources of information.
3. In consonance with the priority assignment of the National Intelligence Objectives, three priority categories have been established: (1) Highest priority requirements; (2) High priority requirements, and (3) Priority requirements. Each requirement within a given priority category bears the same priority as the other requirements in that category.
4. Supplemental requirements will be based on and consistent with the COMINT REQUIREMENTS LIST.
