From Com in Kent about 13-5;

Key furnished by British (Navy says Singapore to London to Wash. on 24 Nov 41)
 Signed F.

(in 1944)

Safford told me the "winds present" message came in on night 3-4 Dec + he saw it about 0800 on 4 Dec. It had a negative KITA, positive HIGASHI, positive NISHI. Morse was in Morse. If so, it meant break in relations between Japan & U.S., Japan & Great Britain; no break between Japan & Russia.
