Dr. A. Adrian Albert  
 Department of Mathematics  
 NAR (SCAMP)  
 University of California  
 405 Hilgard Avenue  
 Los Angeles 24, California

Dear Dr. Albert:

Since the time of departure for your European trip is drawing near, and since Mr. Friedman has not yet returned, I have gone ahead and made arrangements for you to visit Cheltenham on 23-24 September 1954.

Judging from the itinerary you sent us on 30 June, you plan to arrive in the London area around 20 September. If you will telephone our Senior Liaison Officer, Colonel Barton S. Pulling, USAF (MAYfair 9222, Ext. 95) as soon after your arrival in London as convenient, he will inform you of possible arrangements for your transportation to Cheltenham and accommodations there as necessary. In the event Colonel Pulling should not be there when you call, Lt. E. R. Peterson, USN (MAYfair 9222, Ext. 96) will be able to take care of you.

We have taken note of the fact that your wife will be traveling with you.

Sincerely,

I. T. McDONALD  
 Captain USAF  
 Assistant to William F. Friedman
