President
Bell Telephone Laboratories, Inc.

Dear Dr. Kelly:

Thank you very much for your courteous reply to my letter of 23 December 1952. At the time of its writing we had contemplated having the first meeting of the Board on 26 January 1953. This date has, however, proved to be unsuitable and the meeting has now been set for 4-5 February. I thought it advisable to notify you of this change so that Dr. Bown, who is to handle this matter for you, will not feel under too much pressure for immediate action.

Sincerely,

RALPH J. CANINE
Major General, US Army
Director

M/R: We requested Dr. Kelly, BTL (Ser. 3220, dtd 23 Dec 52) to designate some one in the field of communication theory, general electronics, transistor development, or allied fields to serve on the NSASAB. Dr. Kelly's reply (R.S. 49), dtd 31 Dec 52, states he has put the matter in the hands of Dr. Ralph Bown, VP in Charge of Research, to select a man.
