Colonel L. C. Sheets, USAF
 USAF Air University
 Air Command and Staff School
 Electronics Division
 Maxwell Air Force Base, Alabama

Dear Larry:

The certificate you sent me is worthy of being framed and hung in my gallery, alongside some of my photographs of notables. I did enjoy and do appreciate receiving it. What I shall need now to represent it symbolically is a key of some sort, like, let us say, a Phi Beta Kappa or a Sigma Xi gadget, to sport on a watch chain!

I note what you say about hearing from you soon again. Maybe it would be advisable for me now to indicate (1) that Colonel Marcy, our Chief of Staff, insists that I take a full month's vacation this summer, (2) that my better, 9/10's is off in Europe on a 3-months' holiday from which she is due to return on 25 July, (3) that in all probability she will need a good rest on return from her vacation, (4) that I will therefore probably take off the month of August for our joint vacation, (5) that I would rather not interrupt said vacation by having to give a talk at the C-E Division, but would do so if unavoidable, and (6) that it would be best to schedule the talk after Labor Day, for my sake.

With best regards to you all,

Sincerely,

WILLIAM F. FRIEDMAN
 Consultant
